SEWAGE DISPOSAL SYSTEM**

Date: _____

Name of Property Owner _____

Street Address where system is located: _____

Owner's Agent _____

Agent's Telephone number _____

Explain the reason(s) abandonment is necessary, and where connection to municipal or private sanitary sewer will be or has been made:

Abandonment of the system requires the following 2 inspections and signoffs from an agent of the Monson Health Department:

1. The cesspool/septic tank must be pumped of its entire contents by a licensed septage hauler permitted to operate in the Town of Monson . The Health Agent must be able to view the cesspool/septic tank after it has been pumped.

Date of Inspection: _____

Signoff by Health Agent _____

2. The tank shall be excavated and removed from the site, or the bottom of the tank shall be opened or ruptured after being pumped of its contents so as to prevent retainage of water and the tank shall be completely filled with clean sand, gravel, or stone. The cesspool may be crushed in place and filled with clean sand, gravel or stone.

Date of Inspection: _____

Signoff by Health Agent _____

3. Despite the prior two directions, if a cesspool or septic tank or portion of a leaching area is within the proposed footprint of the new building or closer than twenty feet of the full foundation or ten feet from a slab foundation all the structures and contaminated material must be removed and relocated.

Please contact the Health Department to schedule the dates of inspection.

ADMINISTRATION

provisions of 780 CMR in case of any false statement or misrepresentation of fact in the application or on the plans on which the permit or approval was based.

111.13 Approval in part: The building official may issue a permit for the construction of foundations or any other part of a *building* or *structure* before the construction documents for the whole *building* or *structure* have been submitted, provided that adequate information and detailed statements have been filed complying with all of the pertinent requirements of 780 CMR. Work shall be limited to that work approved by the partial approval and further work shall proceed only when the building permit is amended in accordance with 780 CMR 110.13. The holder of such permit for the foundation or other parts of a *building* or *structure* shall proceed at the holder's own risk with the building operation and without assurance that a permit for the entire *building* or *structure* will be granted.

111.14 Posting of permit: A true copy of the building permit shall be kept on the site of operations, open to public inspection during the entire time of prosecution of the work and until the completion of the same.

111.15 Notice of start: At least 24-hour notice of start of work under a building permit shall be given to the building official.

780 CMR 112.0 DEMOLITION OF STRUCTURES

112.1 Service connections: Before a *building* or *structure* is demolished or removed, the owner or agent shall notify all utilities having service connections within the *structure* such as water, electric, gas, sewer and other connections. A permit to demolish or remove a *building* or *structure* shall not be issued until a release is obtained from the utilities, stating that their respective service connections and appurtenant equipment, such as meters and regulators, have been removed or sealed and plugged in a safe manner.

All debris shall be disposed of in accordance with 780 CMR 111.5.

112.2 Notice to adjoining owners: Only when written notice has been given by the applicant to the owners of adjoining *lots* and to the owners of wired or other facilities, of which the temporary removal is necessitated by the proposed work, shall a permit be granted for the removal of a *building* or *structure*.

112.3 Lot regulation: Whenever a *building* or *structure* is demolished or removed, the *premises* shall be maintained free from all unsafe or hazardous conditions by the proper regulation of the *lot*, restoration of established grades and the erection of

the necessary *retaining walls* and fences in accordance with the provisions of 780 CMR 33.

780 CMR 113.0 CONDITIONS OF PERMIT

113.1 Payment of fees: A permit shall not be issued until the fees prescribed in 780 CMR 114.0 have been paid.

113.2 Compliance with code: The permit shall be a license to proceed with the work and shall not be construed as authority to violate, cancel or set aside any of the provisions of 780 CMR or any other law or regulation, except as specifically stipulated by modification or legally granted variation as described in the application.

113.3 Compliance with permit: All work shall conform to the approved application and the approved construction documents for which the permit has been issued and any approved amendments to the approved application or the approved construction documents.

113.4 Compliance with site plan: All new work shall be located strictly in accordance with the approved site plan.

780 CMR 114.0 FEES

114.1 General: A permit to begin work for new construction, alteration, removal, demolition or other building operation shall not be issued until the fees prescribed in 780 CMR 114.0 shall have been paid to the department of building inspection or other authorized agency of the jurisdiction, nor shall an amendment to a permit necessitating an additional fee be approved until the additional fee has been paid.

114.2 Special fees: The payment of the fee for the construction, alteration, removal or demolition for all work done in connection with or concurrently with the work contemplated by a building permit shall not relieve the applicant or holder of the permit from the payment of other fees that are prescribed by law or ordinance for water taps, sewer connections, electrical permits, erection of *signs* and display structures, *marquees* or other *appurtenant structures*, or fees of inspections, certificates of *occupancy* or other privileges or requirements, both within and without the jurisdiction of the department of building inspection.

114.3 New construction and alterations: The fees for plan examination, building permit and inspections shall be as prescribed in 780 CMR 114.3.1 and the building official is authorized to establish by approved rules a schedule of unit rates for *buildings* and *structures* of all *use groups* and types of construction as classified and defined in 780 CMR 1, 3 and 6.
